**Where They Want to Go.  
The Way To Help Them Arrive.**

The lives of your residents run on a complicated and challenging schedule. Getting them from place to place in a safe, timely, and cost efficient manner is important.

**Introducing SafeCare**

Serving the Triangle area from its base in Wake Forest, SafeCare provides high quality, assisted transportation for individuals or groups to events, appointments and non-emergency medical procedures such as:

- Doctor's visits
- Dental checkups or procedures
- Dialysis
- Pulmonary & cardiac rehabilitation
- Chemotherapy treatments
- Stroke rehabilitation
- Physical therapy
- Long distance trips
- Special events
- Other destinations upon request

**What Makes SafeCare  
The Best Choice**

- Around the clock availability
- Cost efficiency
- In-Touch/On-Track communication systems
- Licenses, insurance & proper accreditation
- Mature, compassionate drivers
- Fully equipped, impeccably maintained vehicles

### **Mature, Compassionate Drivers**

A SafeCare driver is patient, protective and professional and will be a welcome, familiar face to his or her passengers. All drivers have clean driving records, are certified in CPR, proficient in American Red Cross first-aid, and bonded and insured.

### **Fully Equipped, Impeccably Maintained Vehicles**

The SafeCare fleet includes vans for clients able to walk with or without assistance and accommodates those using a walker. For clients in wheelchairs, there are vehicles outfitted with special ramps and lifts approved by The ADA. All passengers are secured with seat belts or appropriate, comfortable safety devices.

### **In Touch and on Track Communication**

State-of-the-art communication and global tracking systems provide extra peace-of-mind that comes from knowing where a resident is during the trip. Drivers know the most direct, traffic-free routes and arrive on time. Spouses, family members or nurses can ride along.

### **Around the Clock Availability**

SafeCare is open and ready to transport clients 24 hours a day, seven days a week. Dispatchers are available to schedule a ride day or night. Callers receive prompt, personal assistance. SafeCare transportation can also be scheduled online at [www.safecaretransport.com](http://www.safecaretransport.com).

SafeCare vehicles are clean, comfortable and secure. They follow factory-recommended maintenance schedules to ensure a smooth, reliable riding experience. Vehicles are cool in the summer and warm in the winter and temperatures are set to passengers' preferences.

### **Keeping Costs in Mind**

Safe Care is a local, family-owned and operated company, without the bureaucracy, red tape and costly corporate overhead of a larger, multi-layered organization. SafeCare can hold down costs and provide the most personal and efficient service.
